

ALASKA

FY09 AT A GLANCE

Over the past 20 years, Covenant House Alaska has grown from an emergency shelter for kids in crisis to a multitude of services that assist and help our youth to self-sufficiency.

On the streets, homeless youth have few choices-- hopelessness, jail, or Covenant House. When everyone and everything else in their young lives fails them, we are there to save them from the streets, with unconditional love and a door that's open 24/7. Covenant House provides the food, shelter, and care they desperately need right now, as well as the support and life skills they need to put their lives on the right track down the road.
